

## LETTER OF RECOMMENDATION

28 May 25

To whom it may concern,

I am writing this letter to offer my recommendation for my former student, Pedro Pizzi.

I had the opportunity to teach Pedro in several courses during his undergraduate studies in Computer Engineering at CEFET/RJ. Throughout our time together, Pedro consistently demonstrated a high level of commitment to academic activities and learning tasks. He stands out for his academic integrity, curiosity, and dedication—qualities that are essential for success in any project. I confidently recommend him, believing that he will achieve great goals.

Sincerely,

Dsc. Luis Carlos dos Santos Coutinho Retondaro – [luis.retondaro@cefet-rj.br](mailto:luis.retondaro@cefet-rj.br)
